

# Requirements plan quiz

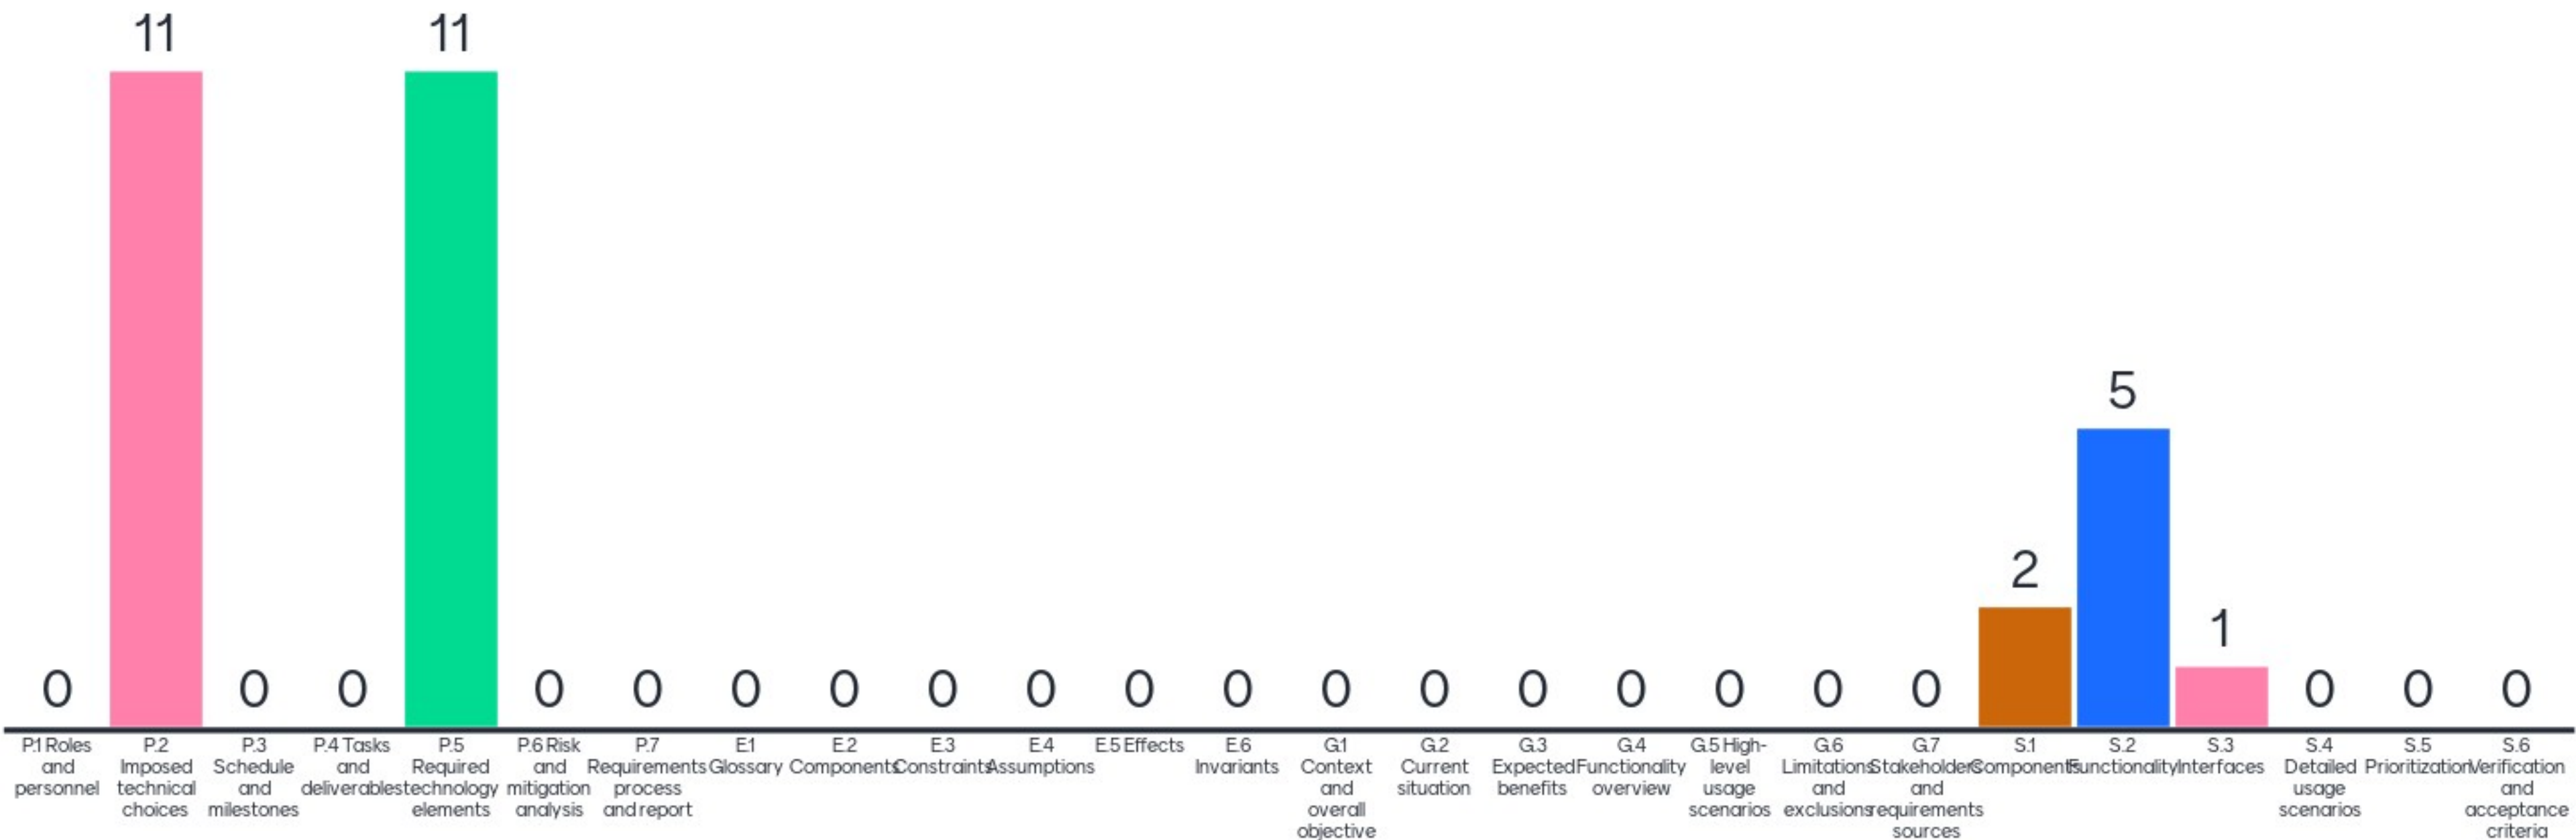

Questions by: Prof. Jean-Michel Bruel, Toulouse

Each question lists a possible requirement element. You must assign it to one (and only one) chapter of one of the four books of requirements.

Some of the general constraints were defined in the preliminary meeting of 15 January 2023, available at <http://some-url.com/minutes/2023-01.html>

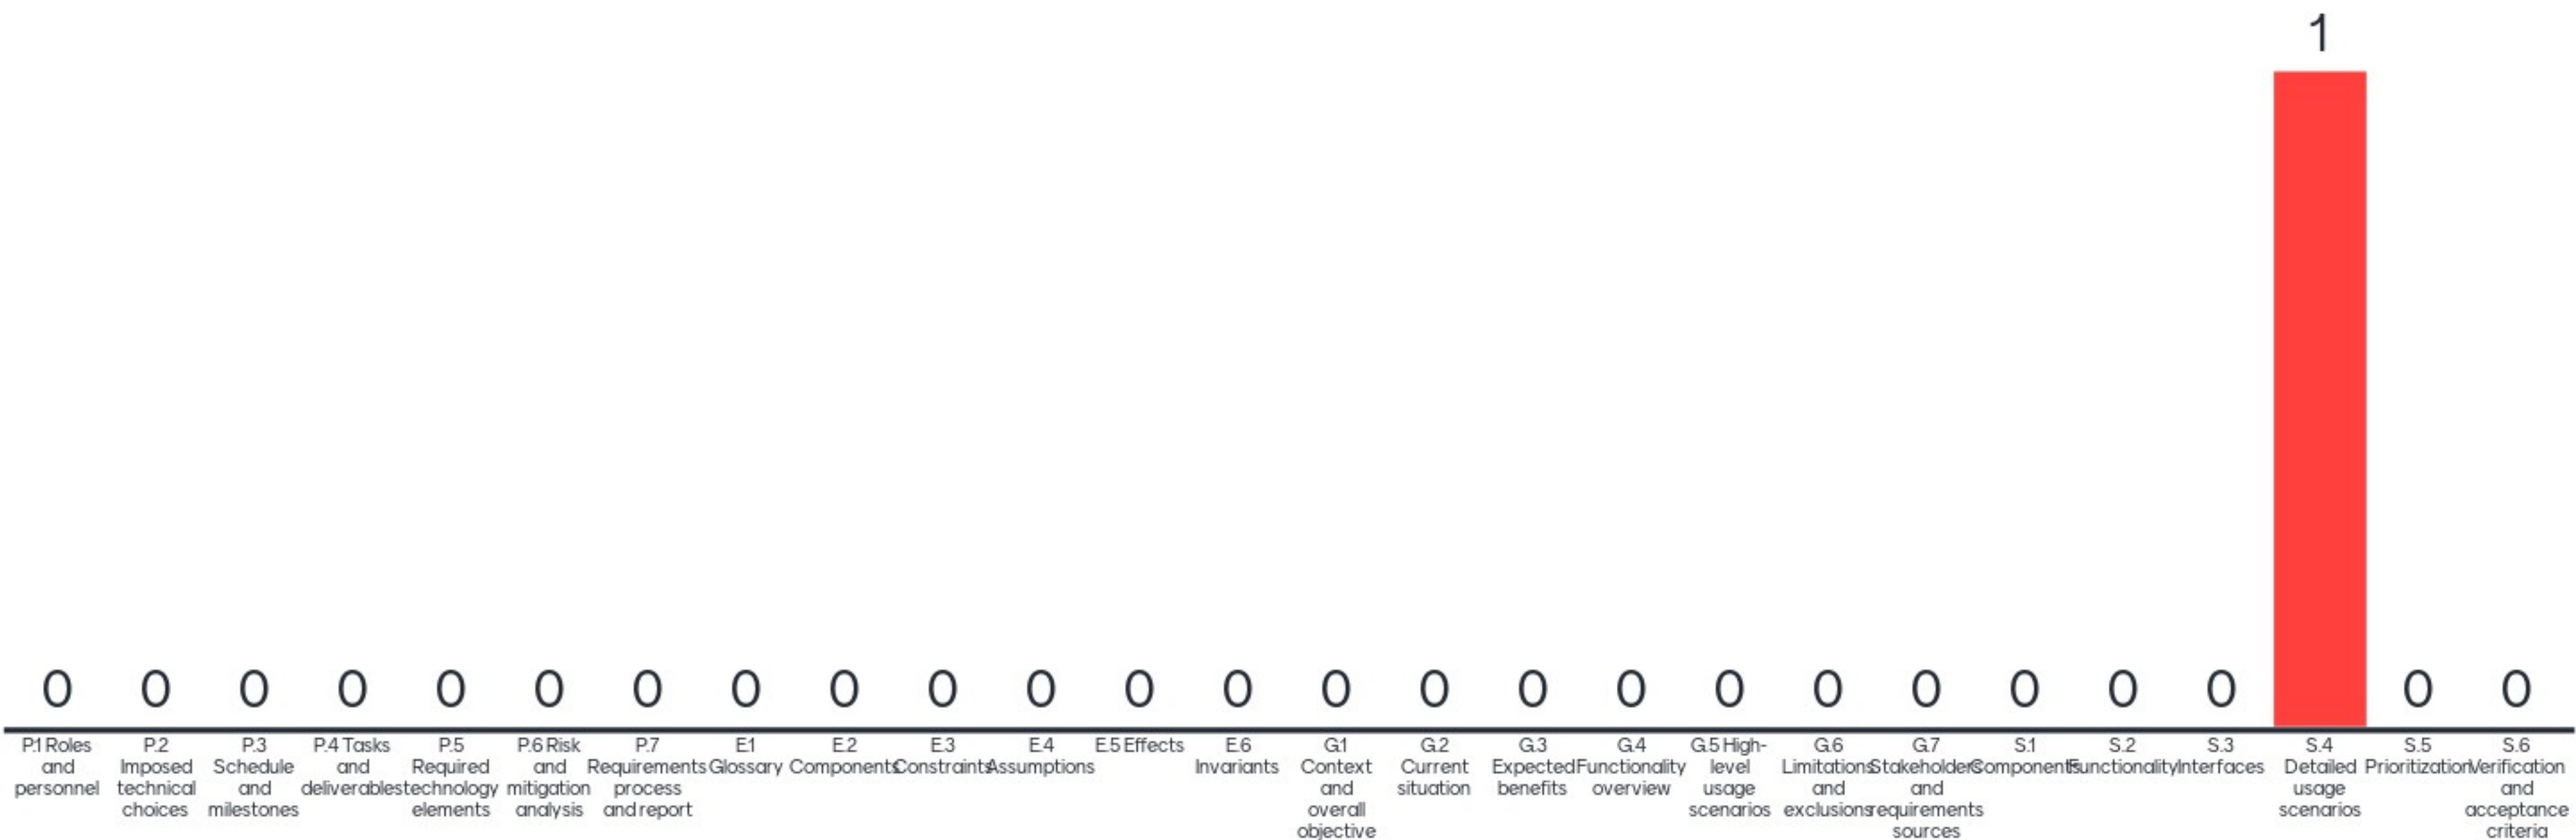

# The login record shall be implemented using MongoDB

# Here is the basic scheme of interaction for ordering a product: [description of the scheme]

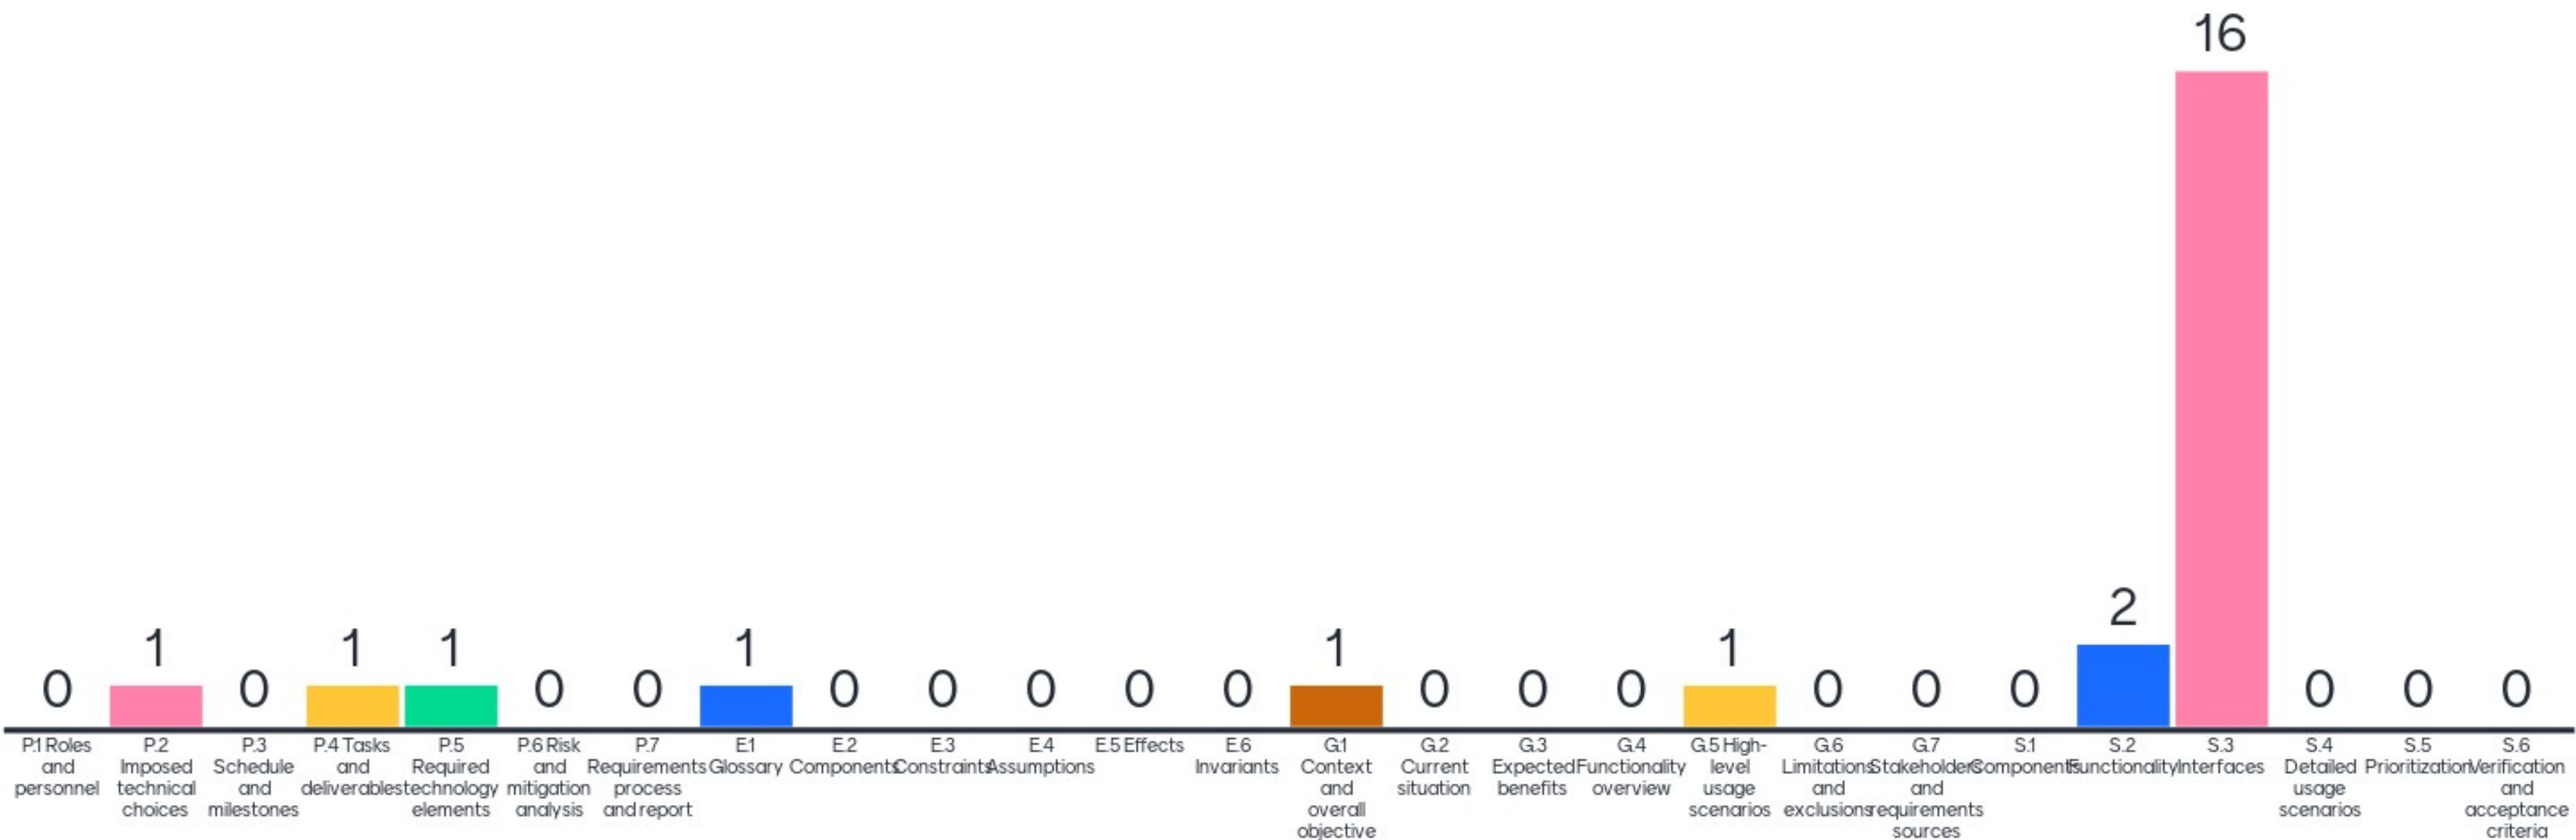

The project shall only use external software products if they are available through an approved open-source license, such as GPL and Creative Commons
